

B2B

Business 2 Business

Wednesday 17 September 2014 David Ferguson Hall, Beau Sejour Centre

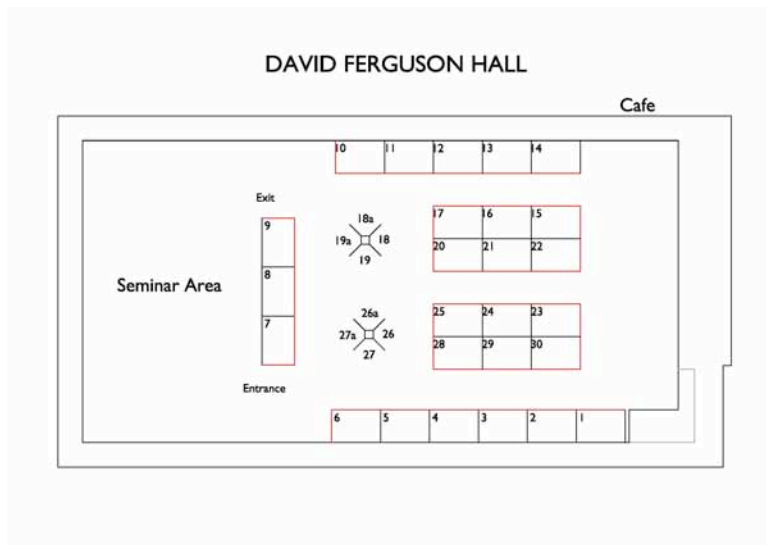

This innovative, new networking event provides a unique opportunity for businesses to market themselves to other businesses.

Guernsey's entire business community will be invited to attend the Show, free of charge, giving participants unparalleled access to potential new clients.

Numbers will be limited to 30 and these businesses will be housed in value for money, smart, shell stands from where they can promote themselves professionally to their peers. Two pod satellites are provided for start-up businesses or sole traders offering an economic opportunity to take part.

The Commerce and Employment Department sees B2B as a catalyst for local businesses to interact with each other and potentially create new commercial opportunities across many sectors. The Guernsey Press and Business Brief are supporting the event.

Alongside the stands will be talks and workshops at key times. These will include a speed dating breakfast event, panel debate, keynote speaker and early evening networking session as well as other 'hot' topics. See B2B Update attached.

Stand cost: 3m x 2m shell stand with lighting and power - £500
Individual Pod - £300

B2B is organised by EC-Jersey, organisers of the highly successful Guernsey Press Homelife Show
